

Where to find the code?

- Code for data visualization, investigating and cleaning can be found in 'FinalProject-MissingDataAndMergingData.ipynb'
- Code for generating plots and images can be found in 'Autoencoder_and_image_generation.ipynb'
- Code for the CNN can be found in 'Autoencoder_and_image_generation.ipynb'
- Code for combining the tabular data and with the latent space data can be found in 'FinalProject-MissingDataAndMergingData.ipynb'
- Code for the regression models, including tuning and validation can be found in 'RegressionModel.ipynb'
